

Just a little too far and the woman who reaches over the child for the coveted flower goes crashing down into the abyss below. Just a little too far, by day, neglects to cure the womanly diseases which weaken her prostrated upon a bed of sickness.

No woman should trifle with the diseases peculiar to her sex. Neglect to-day means a worse condition to-morrow.

Dr. Pierce's Favorite Prescription is a safe and reliable remedy for the cure of diseases peculiarly womanly. It establishes regularity, dries encumbering drains, heals inflammation and ulceration and cures female weakness.

"My wife, Mrs. Mary Bates, has been taking your medicine and recovers from her illness." writes Mr. Geo. Wm. Bates of Springfield, Va. "Was troubled with female weakness, being downy, pale, and in bed all the time. Took a bottle, and in a few days she was up and about. I feel better than I have in a long time. We shall always recommend Dr. Pierce's Favorite Prescription to all who are afflicted."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

The Common Sense Medical Adviser, 1000 large pages, in paper covers, is sent free on receipt of twenty-one one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

### JAP DEFEAT CONFIRMED

#### Russians Recaptured All Positions Near Port Arthur.

MIKADO'S LOSS 22,000; CZAR'S \$500

#### Japanese Have Changed Their Position and Big Battle is Expected at Eastern Defenses—Naval Battle Off Port Arthur.

London, July 18.—A dispatch to a news agency from St. Petersburg says the war office announces the receipt of a dispatch from Port Arthur confirming the report that the Japanese sustained considerable losses on July 10, the exact particulars of which have not yet been ascertained. According to the dispatch the Russians recaptured all the positions taken by the Japanese.

Losses Placed at 25,000.

Tatehokio, July 16.—The latest reports regarding the storming of Port Arthur July 10 place the Japanese losses in killed or wounded at 22,000, and those of the Russians at 2,500. The Japanese have now changed their frontal position, and a big battle is expected at the eastern portion of the defenses, owing to the Japanese turning movement.

A Japanese spy was captured. He was dressed in the garb of a Chinese, and was remarkably cool and defiant in demeanor. He said he was a Korean by birth, had lived in Japan for 12 years and loved that country. Thousands of him, he declared, were convinced at Japan eventually would be successful, and he advised the Russians to sue for peace as soon as possible.

In the battle of July 10 the Russians assumed the offensive and attacked with the bayonet. The Japanese retired in the wildest disorder.

The Chinese estimate the Japanese losses at 22,000.

Cholera and dysentery are epidemic at Feng Wang Chen, and there are many deaths daily.

A heavy movement of Japanese is reported east of Hai Cheng. The Russians reconnoitered almost to Kai soon before meeting the Japanese. They drove the shrimped fire of the Japanese, but having located them, the Russians retired without loss.

#### Tokio Discredits Reports.

London, July 16.—The Tokyo correspondent of the Times, in a dispatch filed at 9.45 p.m., July 15, says that the St. Petersburg story of a Japanese repulse with heavy casualties at Port Arthur July 10 is wholly discredited in Tokyo, where no such reports have been received. It is believed that the story originated in Shanghai.

#### Naval Battle Off Port Arthur.

London, July 16.—The Shanghai correspondent of the Morning Post, cableing under date of July 15, says: "A naval engagement took place to-day off Port Arthur."

The Morning Post's Shanghai correspondent, cableing July 15, says that the Chicago Daily News dispatch boat Pawan has been seized by the Russians and towed into Port Arthur.

#### OFFICIAL NEWS LACKING

#### Russians Positive Heavy Fighting Has Occurred at Port Arthur.

St. Petersburg, July 16.—A Russian correspondent of the Associated Press in the field repeats the story of a Japanese disaster at Port Arthur July 10, but does not add any details except the statement that after the repulse the Japanese fled in great disorder pursued by the Russians.

He says that an aide to General Rennenkampf and seven cosacks were wounded in the skirmish in which the general was shot between Liaoyang and Saimatin, in which the Japanese were repulsed.

Two divisions of Japanese reinforcements are landing at Dalny, the correspondent says, and adds that wounded Japanese prisoners captured on Black Mountain who died subsequently were buried with military honors.

The lack of further official news regarding the engagement at Port Arthur on the night of July 10 is very puzzling. That the Japanese were heavily defeated is not doubted here, but in the absence of further information the extent of the disaster that befell them is beginning to be seriously questioned.

Definite news has been received from Viceroy Alexieff's headquarters at Mukden that the week before the engagement at Port Arthur Major General Fock administered a severe defeat on the Japanese July 4 and 5, driving them from the heights commanding Lianshan Pass with a loss of 2000. This is considered here as proof that there has been heavy fighting before the fortress of Port Arthur and as making the silence of Tokio regarding it all the more significant.

#### Kuroki Turning Enemy's Left.

Mukden, July 16.—The wounds received by the Russian soldiers belonging to the eastern army show that part of the troops composing General Kuroki's army are territorial soldiers, armed with a rifle of a different pattern from those used by the regular army. The bullets are enveloped in copper. Some bullets of very large caliber have been found. The Russian soldiers say these were doubtless crossed. When the Japanese appear to be turning the Russian left in great numbers the belief now is that the movement is purely demonstrative.

#### There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable.

For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by Dr. J. C. Chesley & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and cures the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

### Wood's Seeds.

### Crimson Clover

Sown at the last working of the Corn or Cotton Crop, can be plowed under the following April or May in time to plant corn or other crops the same season. Crimson Clover prevents winter leaching of the soil, is equal in fertilizing value to a good application of stable manure and will wonderfully increase the yield and quality of corn or other crops which follow it. It also makes splendid winter and spring grazing, fine early green feed, or a good hay crop. Even if the crop is cut off the action of the roots and stubble improve the land to a marked degree.

### SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run-down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep.

S. S. S. improves the appetite and digestion, and its good effects are seen almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, uneasiness of breath, drowsiness and dizziness that so often come after eating. S. S. S. is not only the best tonic, but possesses alternative or purifying properties, and if there is any taint, humor or poison in the blood, it searches it out and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by such a remedy as S. S. S.

If you suffer from debility, weakness, insomnia, nervousness, loss of appetite, bad digestion, or any of the miserable symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system and restore the health as S. S. S.

I have used S. S. S. and found it to be an excellent blood purifier and tonic. My system became very much run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in a bad shape. Seeing S. S. S. advertised I began its use, and am well pleased with the results after using it for some little while. From 130 pounds to 165 is pretty good evidence of merit on the part of S. S. S. H. MARTIN, 50 Second St., Warren, Ohio.

### GIVEN 49 YEARS IN JAIL.

#### Three Negro Assaultants of Mrs. Biddle Sentenced.

#### THE CASE CONSUMED 15 MINUTES

#### Prisoners Plead Guilty to Four Charges and Were Given the Maximum Sentence On Each—Were Guarded by Soldiers.

Mount Holly, N. J., July 16.—Aaron Timbers, Jonas Sims and William Austin, the three negroes who confessed to assaulting Mrs. Elsie Biddle, of Burlington, were sentenced to 49 years each in the state prison, at Trenton, after a record-breaking trial. The three men arrived in Mount Holly at 1.15 p.m. Less than half an hour later they had pleaded guilty to the charge of robbing the court house. Judge Gaskill had ordered that the curious be excluded from the court room, and in consequence of this order only the newspaper men and the guards were admitted.

When the negroes were brought before the court Judge Gaskill appointed counsel to defend the men. A brief consultation was held between counsel and the three men, and it was announced that the men would plead guilty. Judge Gaskill accepted the plea, and in pronouncing sentence said: "The judgment of the law and sentence of the court is that for the charge of rape, to which you have just pleaded guilty, each of you be confined in the state prison at hard labor for the term of 15 years; upon the charge of robbing the court house, each of you be confined with intent to kill an officer, 12 years; and upon the charge of robbing the house of William Streaker, seven years, making a total of 49 years."

The disposition of the cases of the three criminals had consumed about 15 minutes. As soon as sentence had been pronounced, the men were removed from the court house. As they appeared at the entrance the soldiers formed two columns of fours, and with the men in the centre they marched down a side street to the special train which had brought them from Camden. The first demonstration of any character took place as the negroes neared the train. Here a crowd of several hundred men and boys had gathered. They booed and jeered the negroes, and the cry of "Shoot 'em" was heard distinctly several times.

It was decided to run the special train by way of Kinkora Junction, to avoid any possible demonstration that might be made should the men pass through Burlington.

Trenton was reached at 2.30, and the men had begun their sentences at 2.45. They had travelled 100 miles, were tried and sentenced and placed in jail in the remarkably brief period of 6 hours and 15 minutes.

Judge Gaskill later explained the swift methods employed in sending the three negroes to the state prison. He said: "The rapidity with which the cases of the three assaultants of Mrs. Biddle were tried, sentenced and sent to prison may impress some citizens as being unnecessary, but the officers knew what they were doing. There was a meeting of 200 men held Thursday night at Rancocas, at which complete arrangements were made to blow open Mt. Holly jail last night, secure the three negroes and lynch them. There is absolutely no doubt in my mind that these arrangements would have been carried out."

"The sheriff had a spy at the meeting, and it was his report that made us know that under no circumstances must the prisoners be allowed to pass a night in jail here. I notified Governor Murphy, and a detail of the national guard was immediately sent to Camden. I am very thankful that the case is now closed."

"It was the women of the country that drove the men to determine on desperate measures."

#### Fireman Scalded to Death.

Harrisburg, July 16.—William A. Lantz, fireman of a shifting engine in the Pennsylvania Railroad yards in this city, was scalded to death by escaping steam in a wreck in South Harrisburg. The shifting engine toppled over on Lantz, who died before his body could be taken out from under the locomotive. He was noted as an athlete, and was 30 years of age. B. T. Hollenbaugh, engineer, was seriously injured.

#### Senator Platt is 71.

New York, July 16.—Senator Thomas C. Platt celebrated his 71st birthday at the Oriental Hotel, Manhattan Beach. He had planned to keep open house on his birthday, but after a conference with Governor Odell, the plans were altered and the senator spent the greater part of the day at Oyster Bay in conference with President Roosevelt.

#### Railroad Conductor Shot by Negro.

Richmond, Va., July 15.—James L. Armes, white, a freight conductor on the Southern railway, was shot by an unknown negro at Danville, and died at a Danville hospital. The slayer was shot at as he fled, but succeeded in making his escape. A young negro was arrested on suspicion of being the man wanted.
